SUBJECT: Report for the "Symposium on Polymer Science", held on July 05-06, 2019, at the Indian Institute of Science Education and Research (IISER) Kolkata, India

The Kolkata Chapter of the Society for Polymer Science (SPS), India, organized Chapter meeting under the supervision of Centre for Advanced Functional Materials (CAFM), IISER Kolkata on July 05-06, 2019. Specific focus of this meeting was advances in general polymer science.

Total registered participants were 206 including student/faculty/staff members from various Universities/Institutes from India, and two faculty members and one PhD student from USA. There were total 23 lectures by distinguished scientists, including 3 talks by colleagues from three different Industry. There were 54 posters and we awarded 10 poster prizes to the winners. The conference website was linked to our main page of our Institute website for almost three months: <http://cafm.iiserkol.ac.in/sps19/>

We sincerely thank SPSI Kolkata Chapter, CAFM (IISER Kolkata) and IISER Kolkata for partial financial assistance, and the entire organizing committee of this event at IISER Kolkata.

With this report I am also enclosing the audit report for the conference. Also, few photos taken during the conference are enclosed with this letter.

With kind regards,
Sincerely Yours,

Priyadarsi De
(On behalf of the organizing committee)
